## CHORUS

**Am**  
Waiting and trying  
**E**  
Breathing and lying  
**G** **D**  
Watching life move on  
**Am**  
Wanting and buying  
**E**  
Deep fear of flying  
**G** **D**  
Missing what is gone

## VERSE 1

**Am**  
I'm in the coffee shop, hitting pause  
  
Killing the cause  
**E**  
For what I feel this way when I'm lost  
  
Is there a cost?  
**G**  
If there is I can handle it with my parents' money  
**D**  
Because I'm rich  
  
I'm really really rich. Honey

## VERSE 2

**Am**  
Yeah I'm Pamela Brisbane  
**E**  
Also have Page in my name  
**G**  
I walk through life like it ain't even a game  
  
Knowing that someone's out there fighting in the war  
**D**  
And I'm just here tipping some bartender, what for?

## VERSE 3

**Am**  
Maybe tomorrow or today  
**E**  
You'll turn around and ask me:  
  
"Hey, are you here to stay?"  
**G**  
And I'll say: "Yeah, this is never gonna stop  
**D**  
I'm a beat that's about to drop  
  
I'm a twenty four hour shop"

## VERSE 4

**Am**  
And then I called you to my table  
**E**  
And it was sad seeing that you were unable  
**G**  
To provide me with something more than a drink  
**D**  
Something that could change what I think  
  
Without the fake help of a shrink

## CHORUS

**Am**  
Waiting and trying  
**E**  
Breathing and lying  
**G** **D**  
Watching life move on  
**Am**  
Wanting and buying  
**E**  
Deep fear of flying  
**G** **D**  
Missing what is gone

## VERSE 5

**Am**  
When I was young my mom died and she left me here  
**E**  
In this wrong world where I can't be sincere  
**G**  
All I wish for here is success  
**D**  
To get on heels on a red carpet in an expensive dress

## VERSE 6

**Am**  
My every day is a duel face to face with my dad  
**E**  
He thinks he is a good father but he's just so mad  
**G**  
The poor guy had the devil messing with his life  
**D**  
And every second of his memory cut him like a knife

## VERSE 7

**Am**  
I can understand he's mad perhaps I would be as well  
**E**  
But that doesn't gives him the right to make his tears my hell  
**G**  
And I'm not asking for big feelings or a love song  
**D**  
I'm just asking for a hug that shouldn't take that long

## VERSE 8

**Am**

I never wanted to be the blood of a lost fight

**E**

I mean, who wants to be a collateral damage, right?

**G**

Never asked this to anyone, no one would understand

**D**

They only see this girl smile with a pearl on her hand
